Welcome to The Jersey Society of Chartered and Certified Accountants

The Society was established in 1974 to promote and serve the accountancy profession in Jersey. Our membership extends to members of Chartered and other recognised accountancy bodies and students thereof.

The JSCCA is your local Society and we hope that you will play an active part in the continued development of the Society to ensure that it remains of relevance to accountants in Jersey. On the subsequent pages you will find details of the Executive Committee and Sub-Committees, their remit and current activity. I encourage all our members to contact the relevant Committee member if there are issues that they would like the JSCCA to consider.

The Jersey Society of Chartered and Certified Accountants was formed on 7 March 1974 and in the year 2014 the Society was proud to be able to celebrate its 40th anniversary year.

The Society has benefited from the wisdom and leadership of some notable people who have taken their turn as President during this quarter century since its foundation. The following link shows the full **Presidential Roll** that includes two previous holders of the post of Treasurer of the States of Jersey, eminent and distinguished figures such as Jurat Peter Blampied, and many other well-known names at the top of the Island's accounting profession.

From its inauguration to date, the Society has consistently played an important role in the Island of Jersey. This has not just been in respect of its representation of the accountants who are its members, but also by its participation in matters relevant to the Island's economic well being, particularly in connection with the finance sector.
